

Benefits of M-Cal®

- Excellent source of magnesium, calcium and carbonate
- M-Cal magnesium source is 100% bioavailable for maximum value
- Provides consideration for magnesium oxide and sodium bicarbonate reduction
- Feeding rate varies based on feedstuffs provided. Consult your nutritionist for specific feeding directions.
- Enhances overall pH management, may prevent acidosis
- Consistently digestible source of magnesium and calcium
- DCAD neutral, safe for use in dry cows
- Concentrated source of calcium and magnesium helps create space in rations
- Palatable product provides better acceptance in ration
- Optimal and consistent particle size
- Product available in Bulk, 50# Bags and 2000# Totes
- Produced in Wisconsin

Guaranteed Analysis

Calcium	Minimum	20.0%
Calcium	Maximum	24.0%
Magnesium	Minimum	12.0%

Ingredients: Magnesium Limestone

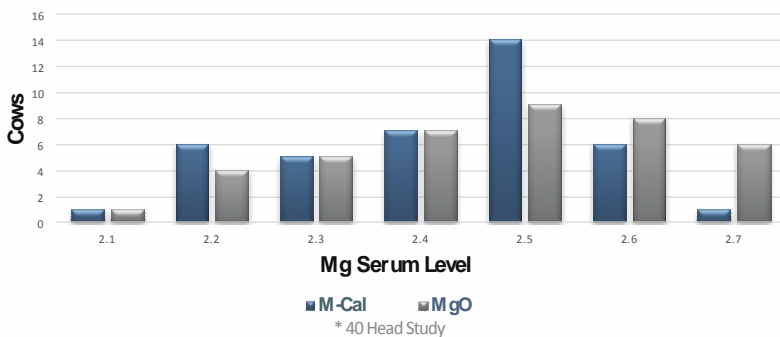

Moisture Content: < 1.0%

Loose Bulk Density: 100 lbs/cubic foot

This feed was produced in a facility certified in the American Feed Industry Association's Safe Feed/Safe Food Certification Program.
