

OptiMag™ 600

Product Codes

Bulk: 500

Ingredients

Calcium Magnesium
Carbonate

Guaranteed Analysis

Calcium (Ca)	Minimum	20.0%
Calcium (Ca)	Maximum	24.0%
Magnesium (Mg)	Minimum	12.0%

Moisture: < 1.0%

Bulk Density (approx.) lbs/cu.ft.

Compact: 79 lbs/cu.ft.
Loose: 59 lbs/cu.ft.

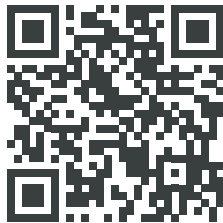

BENEFITS OF OPTIMAG

- Excellent source of calcium magnesium carbonate.
- OptiMag provides a highly soluble source of calcium and magnesium at a pH of 6.
- Provides an opportunity for replacing other sources of calcium and magnesium.
- Provides flexibility to the consulting nutritionist to tailor the amount fed of OptiMag to the requirements of the cow.
- OptiMag may be used as an aid to maintain a healthy rumen pH.
- OptiMag magnesium source is highly bioavailable for maximum value.
- Consistent highly soluble source of calcium and magnesium.
- OptiMag has a lower feed rate compared to conventional calcium and magnesium supplements, creating space in ration formulation.
- Does not affect ration palatability and dry matter intake.
- Consistent particle size results in less separation and segregation thus allowing for an even mixing in the ration.
- Provides opportunity for up to 20% reduction in ration cost.
- Available in bulk truckloads.

This feed was produced in a facility certified in the American Feed Industry Association's Safe Feed/Safe Food Certification Program.

GLC Minerals, LLC (10015318) has been certified by DQS Inc. to ISO 9001:2015.
