## BENEFITS OF OPTIMAG<sup>®</sup> 600

- Excellent source of calcium magnesium carbonate.
- Does not affect ration palatability and dry matter intake.
- Provides an opportunity for replacing other sources of calcium and magnesium.
- GLC quality control ensures Optimag delivers a consistent source of calcium and magnesium.
- Provides flexibility to the consulting nutritionist to tailor the amount of OptiMag fed to the requirements of the cow.
- Consistent particle size results in less separation and segregation thus allowing for an even mixing in the ration.
- OptiMag may be used as an aid to maintain a healthy rumen pH.
- OptiMag is available in multiple particle sizes.
- Available in bulk truckloads.
